Services Provided

The Banning Lewis Ranch Metropolitan District No. 3 ("the District"), a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by order and decree of the District Court for the City of Colorado Springs, El Paso County, Colorado on December 1, 2005, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes).

The District was organized to provide street improvements, parks and recreational facilities, water supply, wastewater facilities, traffic and safety controls, public transportation, fire protection, mosquito control and television relay. The District is one of the Financing Districts organized in conjunction with ten other related Districts - Banning Lewis Ranch Metropolitan District Nos. 1, 2, 4, 5, 6 (now Banning Lewis Ranch Regional Metropolitan District No. 1), 7 (now Banning Lewis Ranch Regional Metropolitan District No. 2), 8, 9, 10, and 11. District No. 1 serves as the Operating District which will pay all vendors of and receive reimbursement/contributions from the Financing Districts. All other Districts, including District No. 3, are the Financing Districts which will issue debt, levy ad valorem taxes on taxable properties within each District and assess fees, rates and other charges as authorized by law. Banning Lewis Ranch Regional Metropolitan District No. 1 will serve as the Regional Improvement District serving all of the Districts. The District's service area is located entirely within the City of Colorado Springs, El Paso County, Colorado.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting, in accordance with requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of property taxes is reflected on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Revenues (continued)

Property Taxes (continued)

Senate Bill 21-293 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2023, the assessment rate for single family residential property decreases to 6.95% from 7.15%. The rate for multifamily residential property, the newly created subclass, decreases to 6.80% from 7.15%. Agricultural and renewable energy production property decreases to 26.4% from 29.0%. Producing oil and gas remains at 87.5%. All other nonresidential property stays at 29%.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 10% of the property taxes collected.

Interest Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 1.5%.

Expenditures

County Treasurer's Fees

County Treasurer's fees have been computed at 1.5% of property tax collections.

Intergovernmental expenditure – Banning Lewis Ranch Metropolitan District No. 1 - O&M Taxes

Property taxes generated from the 22.906 mills levied by the District for operations and maintenance, net of fees, are expected to be transferred to District No. 1, the Operating District, which pays all administrative expenditures of the District.

Debt Service

Principal and interest payments are provided based on the debt amortization schedules from the District's Series 2020 General Obligation Refunding Bonds (discussed under Debt and Leases).

Debt and Leases

On November 24, 2020, the District will issue General Obligation Refunding Bonds, Series 2020 (2020 Bonds), in the principal amount of \$8,490,000 for the purpose of (1) refunding the District's General Obligation Limited Tax Bonds, Series 2015A, (2) refunding the District's Subordinate General Obligation Limited Tax Bonds, Series 2015B, (3) paying the cost of issuing the 2020 Bonds, and (4) realizing a net present value savings of \$4,360,531. The 2020 Bonds will have a maturity date of December 1, 2045, and be comprised of term bonds with an interest rate between 1.000% and 4.000%.

The 2020 Bonds are subject to redemption prior to maturity, at the option of the District, on December 1, 2030, and on any date thereafter, at par.

Pledged Revenue will consist of (i) revenues produced from the required debt service mill levy to produce an amount sufficient to pay debt service up to the District's mill levy cap of 30 mills, as adjusted (the "Required Mill Levy"), and (ii) specific ownership taxes generated from the Required Mill Levy. The 2020 Bonds will be further secured by amounts held by a Trustee in the Reserve Fund in the amount of \$538,800.

The District has no operating or capital leases.

Reserves

Debt Service Reserve

The District has a debt service reserve fund for the 2020 Bonds in the amount of \$538,800.

Emergency Reserve

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of fiscal year spending. Since substantially all funds received by the District are transferred to District No. 1, which pays for all the District's operations and maintenance costs, the Emergency Reserve for these funds is reflected in the budget of District No. 1.

This information is an integral part of the accompanying budget.

¹ If the *taxing entity's* boundaries include more than one county, you must certify the levies to each county. Use a separate form for each county and certify the same levies uniformly to each county per Article X, Section 3 of the Colorado Constitution.

² Levies must be rounded to <u>three</u> decimal places and revenue must be calculated from the total <u>NET assessed valuation</u> (Line 4 of Form DLG57 on the County Assessor's <u>FINAL</u> certification of valuation).

CERTIFICATION OF TAX LEVIES, continued

THIS SECTION APPLIES TO TITLE 32, ARTICLE 1 SPECIAL DISTRICTS THAT LEVY TAXES FOR PAYMENT OF GENERAL OBLIGATION DEBT (32-1-1603 C.R.S.). Taxing entities that are Special Districts or Subdistricts of Special Districts must certify separate mill levies and revenues to the Board of County Commissioners, one each for the funding requirements of each debt (32-1-1603, C.R.S.) Use additional pages as necessary. The Special District's or Subdistrict's total levies for general obligation bonds and total levies for contractual obligations should be recorded on Page 1, Lines 3 and 4 respectively.

CERTIFY A SEPARATE MILL LEVY FOR EACH BOND OR CONTRACT:

Notes.

- B Governing Body—The board of county commissioners, the city council, the board of trustees, the board of directors, or the board of any other entity that is responsible for the certification of the *taxing entity's* mill levy. For example: the board of county commissioners is the governing board <u>ex officio</u> of a county public improvement district (PID); the board of a water and sanitation district constitutes <u>ex officio</u> the board of directors of the water subdistrict.
- ^C **Local Government** For purposes of this line on Page 1 of the DLG 70, the *local government* is the political subdivision under whose authority and within whose boundaries the *taxing entity* was created. The *local government* is authorized to levy property taxes on behalf of the *taxing entity*. For example, for the purposes of this form:
 - 1. a municipality is both the *local government* and the *taxing entity* when levying its own levy for its entire jurisdiction;
 - 2. a city is the *local government* when levying a tax on behalf of a business improvement district (BID) *taxing entity* which it created and whose city council is the BID board;
 - 3. a fire district is the *local government* if it created a subdistrict, the *taxing entity*, on whose behalf the fire district levies property taxes.
 - 4. a town is the *local government* when it provides the service for a dissolved water district and the town board serves as the board of a dissolved water district, the *taxing entity*, for the purpose of certifying a levy for the annual debt service on outstanding obligations.
- ^D GROSS Assessed Value There will be a difference between gross assessed valuation and net assessed valuation reported by the county assessor only if there is a "tax increment financing" entity (see below), such as a downtown development authority or an urban renewal authority, within the boundaries of the *taxing entity*. The board of county commissioners certifies each *taxing entity's* total mills upon the *taxing entity's Gross Assessed Value* found on Line 2 of Form DLG 57.
- ^E Certification of Valuation by County Assessor, Form DLG 57 The county assessor(s) uses this form (or one similar) to provide valuation for assessment information to a *taxing entity*. The county assessor must provide this certification no later than August 25th each year and may amend it, one time, prior to December 10th. Each entity must use the FINAL valuation provided by assessor when certifying a tax levy.
- F TIF Area—A downtown development authority (DDA) or urban renewal authority (URA), may form plan areas that use "tax increment financing" to derive revenue from increases in assessed valuation (gross minus net, Form DLG 57 Line 3) attributed to the activities/improvements within the plan area. The DDA or URA receives the differential revenue of each overlapping *taxing entity's* mill levy applied against the *taxing entity's* gross assessed value after subtracting the *taxing entity's* revenues derived from its mill levy applied against the net assessed value.
- GNET Assessed Value—The total taxable assessed valuation from which the *taxing entity* will derive revenues for its uses. It is found on Line 4 of Form DLG 57. **Please Note:** A downtown development authority (DDA) may be both a *taxing entity* and have also created its own *TIF area* and/or have a URA *TIF Area* within the DDA's boundaries. As a result DDAs may both receive operating revenue from their levy applied to their certified *NET assessed value* and also receive TIF revenue generated by any *tax entity* levies overlapping the DDA's *TIF Area*, including the DDA's own operating levy.

Page 3 of 4 DLG 70 (Rev.6/16)

A Taxing Entity—A jurisdiction authorized by law to impose ad valorem property taxes on taxable property located within its territorial limits (please see notes B, C, and H below). For purposes of the DLG 70 only, a taxing entity is also a geographic area formerly located within a taxing entity's boundaries for which the county assessor certifies a valuation for assessment and which is responsible for payment of its share until retirement of financial obligations incurred by the taxing entity when the area was part of the taxing entity. For example: an area of excluded property formerly within a special district with outstanding general obligation debt at the time of the exclusion or the area located within the former boundaries of a dissolved district whose outstanding general obligation debt service is administered by another local government.

- ^H General Operating Expenses (DLG 70 Page 1 Line 1)—The levy and accompanying revenue reported on Line 1 is for general operations and includes, in aggregate, all levies for and revenues raised by a *taxing entity* for purposes not lawfully exempted and detailed in Lines 3 through 7 on Page 1 of the DLG 70. For example: a fire pension levy is included in general operating expenses, unless the pension is voter-approved, if voter-approved, use Line 7 (Other).
- ¹ Temporary Tax Credit for Operations (DLG 70 Page 1 Line 2)—The Temporary General Property Tax Credit/ Temporary Mill Levy Rate Reduction of 39-1-111.5, C.R.S. may be applied to the *taxing entity*'s levy for general operations to effect refunds. Temporary Tax Credits (TTCs) are not applicable to other types of levies (non-general operations) certified on this form because these levies are adjusted from year to year as specified by the provisions of any contract or schedule of payments established for the payment of any obligation incurred by the *taxing entity* per 29-1-301(1.7), C.R.S., or they are certified as authorized at election per 29-1-302(2)(b), C.R.S.
- J General Obligation Bonds and Interest (DLG 70 Page 1 Line 3)—Enter on this line the total levy required to pay the annual debt service of all general obligation bonds. Per 29-1-301(1.7) C.R.S., the amount of revenue levied for this purpose cannot be greater than the amount of revenue required for such purpose as specified by the provisions of any contract or schedule of payments. Title 32, Article 1 Special districts and subdistricts must complete Page 2 of the DLG 70.
- ^K Contractual Obligation (DLG 70 Page 1 Line 4)—If repayment of a contractual obligation with property tax has been approved at election and it is not a general obligation bond (shown on Line 3), the mill levy is entered on this line. Per 29-1-301(1.7) C.R.S., the amount of revenue levied for this purpose cannot be greater than the amount of revenue required for such purpose as specified by the provisions of any contract or schedule of payments.
- ^L Capital Expenditures (DLG 70 Page 1 Line 5)—These revenues are not subject to the statutory property tax revenue limit <u>if</u> they are approved by counties and municipalities <u>through public hearings</u> pursuant to 29-1-301(1.2) C.R.S. and for special districts <u>through approval from the Division of Local Government</u> pursuant to 29-1-302(1.5) C.R.S. or for any *taxing entity* if <u>approved at election</u>. Only levies approved by these methods should be entered on Line 5.
- M Refunds/Abatements (DLG 70 Page 1 Line 6)—The county assessor reports on the Certification of Valuation (DLG 57 Line 11) the amount of revenue from property tax that the local government did not receive in the prior year because taxpayers were given refunds for taxes they had paid or they were given abatements for taxes originally charged to them due to errors made in their property valuation. The local government was due the tax revenue and would have collected it through an adjusted mill levy if the valuation errors had not occurred. Since the government was due the revenue, it may levy, in the subsequent year, a mill to collect the refund/abatement revenue. An abatement/refund mill levy may generate revenues up to, but not exceeding, the refund/abatement amount from Form DLG 57 Line 11.
 - 1. Please Note: Pursuant to Article X, Section 3 of the Colorado Constitution, if the taxing entity is in more than one county, as with all levies, the abatement levy must be uniform throughout the entity's boundaries and certified the same to each county. To calculate the abatement/refund levy for a taxing entity that is located in more than one county, first total the abatement/refund amounts reported by each county assessor, then divide by the taxing entity's total net assessed value, then multiply by 1,000 and round down to the nearest three decimals to prevent levying for more revenue than was abated/refunded. This results in an abatement/refund mill levy that will be uniformly certified to all of the counties in which the taxing entity is located even though the abatement/refund did not occur in all the counties.
- Nother (DLG 70 Page 1 Line 7)—Report other levies and revenue not subject to 29-1-301 C.R.S. that were not reported above. For example: a levy for the purposes of television relay or translator facilities as specified in sections 29-7-101, 29-7-102, and 29-7-105 and 32-1-1005 (1) (a), C.R.S.; a voter-approved fire pension levy; a levy for special purposes such as developmental disabilities, open space, etc.
